

# THE FUTURE OF EDUCATION IS HERE

Whether you're a teacher, IT professional, or administrator, Logitech has an education solution to optimize learning and maximize student results. Built for the classroom, our products take advantage of over 35 years of experience designing innovative, high-quality technology.

Our goal is to help foster the continuous development of students' knowledge and skills in the classroom and beyond.

**logitech**

## iPAD SOLUTIONS

Unlock the educational possibilities of iPad in the classroom with these advanced accessories. The **Rugged Combo** keyboard case and **Logitech Crayon** digital pencil are the perfect way to introduce interactive iPad lessons into any curriculum and turn classwork into class fun.

## K-12 EDUCATION

Empower kids at every grade level to delve deeper into their lessons and achieve more with our K-12 line of products. **Wired Headsets** (USB and 3.5mm) with Microphones provide distraction-free interactive learning while the **R-500** advanced laser pointer brings lessons to life.

## HIGHER EDUCATION

Higher level learning needs higher level technology. Our line of **ConferenceCams** and webcams like **BRIO** help college and university students learn remotely. And take presentation control to the next level using the **Spotlight** remote with an advanced digital pointer.

## E-LEARNING

Enable students to learn effectively from anywhere in the world with our robust offering of e-learning tools including **ConferenceCams**, the **BRIO** webcam, high-fidelity **Wired Headsets** (USB or 3.5mm) with Microphones, and **Spotlight Presentation Remote**.
